

**ADVANCES IN BUILDING PHYSICS RESEARCH,
conference in the honor of Francis Allard**

THURSDAY 22nd OF JUNE 2017

1:30 - 2:00 pm	Registration
2:00 - 2:30 pm	Opening of the conference
2:30 - 3:15 pm	<p align="center">Keynote speakers 1: Marjorie Musy (CEREMA) & Emmanuel Bozonnet (LaSIE, Univ. La Rochelle) From building in urban context to district modeling : a contribution to climate adaption strategies</p>
3:15 - 4:00 pm	<p align="center">Keynote speaker 2: Jean Lebrun (Liège University) Energy modeling of buildings and building services <i>A propos de la modélisation thermique des bâtiments et de leurs équipements</i></p>
4:00 - 4:30 pm	Coffee-break
4:30 - 5:15 pm	<p align="center">Keynote speaker 3: Marc Abadie (LaSIE - Univ. La Rochelle) Modeling of particle transport in indoor environments: 25 years of research at University of La Rochelle <i>Modélisation des transferts de particules dans les environnements intérieurs : 25 ans de recherche à l'Université de La Rochelle</i></p>
5:15 - 6:00 pm	<p align="center">Keynote speaker 4: Matheos Santamouris (Univ. Athens) Present and Future of the Building Sector - Challenges and Opportunities</p>
8:00 pm... until late	Gala dinner

FRIDAY 23rd OF JUNE 2017

9:00 - 9:45 am	<p align="center">Keynote speaker 5: Jean Christophe Visier (CSTB) The E+C label : a driving force for energy and environmental innovation in buildings <i>Le label E+C : un moteur pour l'innovation énergétique et environnementale dans le bâtiment</i></p>
9:45 - 10:30 am	<p align="center">Keynote speaker 6: Servando Alvarez (Sevilla University) Climatic Control of Outdoor spaces al EXPO'92</p>
10:30 - 11:00 am	Coffee-break
11:00 - 11:45 am	<p align="center">Keynote speaker 7: Arsen Melikov (DTU) Ventilation of Buildings - Future Development</p>
11:45 - 12:30 am	Order of Merit
12:30 - 2:30 pm	Lunch
2:30 - 3:15 pm	<p align="center">Keynote speaker 8: Fariborz Haghighat (Concordia University) Air Cleaner Technologies and The Quality of Indoor Air</p>
3:15 - 4:00 pm	<p align="center">Keynote speaker 9: Thierry Duforestel (EDF R&D) Reliability of moisture related approaches in building design</p>
4:00 - 4:15 pm	Closing of the conference by Francis Allard
